

SLIDE CRAB

SLIDE CRAB is the perfect harvesting machine for the harvest of baby-leaf, rucola, spinach and all leaf vegetables grown in greenhouses or in open field. SLIDE CRAB is featured, if compared with the standard version, both by a strong structure and a loading capacity of approx.1000-1200 kg. The most innovative features are its hydraulic system of the latest generation and the four steering wheels, that make easier the maneuver, also in small spaces.
